## Preparation for your special day:

- Have at least one consultation and trial style at least one month before your wedding day.
- During the “test run” walk around with the hairstyle you plan to wear to determine its comfort level.
- Bring your head piece and/or veil to the trial. Make sure the head piece has small hoops inside to secure hair.
- Hairstyles for the bride usually take 1 hour. Allow 45 minutes for bridesmaids, mothers, and flower girls who are receiving up-dos.
- Remember that some hairstyles can add inches to a bride’s height and shorter brides may want to use this to their advantage.
- Hair color looks its best in the first two weeks, so have hair colored a week or two before the wedding. Do not have any chemical services the day of the wedding.
- If a permanent wave/straightening is necessary, have it done prior to color service; again, two weeks before the wedding.
- Hair that is over-conditioned does not style well, so deep conditioning treatments should not be used within four days of the wedding. For best styling results, shampoo hair lightly the day before the wedding, and if possible, do not wash hair the day of the wedding.
- Wear a button-down shirt/robe for services the day of appointments.
- In order to keep brides and parties on time, please send your itinerary to your entire party who are having services done and be on time so that we will not hold up your event.
